1. INTRODUCTION

1.1 Purpose:

- a.) World Triathlon is the sole governing body, responsible for the Competition Rules for Triathlon, Duathlon and its other related multisports. The complete list of sports under the jurisdiction of World Triathlon is included as Appendix I A and Appendix J;
- b.) The World Triathlon Technical Committee (World Triathlon TC) will ensure technical aspects of World Triathlon competitions are of the highest quality;
- c.) The World Triathlon Competition Rules specify the conduct and behaviour of athletes during World Triathlon competitions. Where the World Triathlon Competition Rules do not specify, the rules of International Swimming Federation (FINA), International Cycling Union (UCI), World Athletics (WA), International Ski and Snowboard Federation (FIS), IPC Para Swimming, IPC Para Athletics and IPC Para Nordic Skiing will apply in their specific segments, unless World Triathlon Technical Committee decides otherwise;
- d.) The World Triathlon Event Organisers' Manual (EOM) and its related documents set safety and logistical standards for host National Federations (NFs) and for the Local Organising Committees (LOCs);
- e.) The World Triathlon Technical Officials' Certification Programme sets the standards for certifying World Triathlon Technical Officials;
- f.) It will be clearly indicated when a rule applies to a specific competition.

1.2 Intention:

- a.) The World Triathlon Competition Rules are intended to:
 - (i) Create an atmosphere of sportsmanship, equality, and fair play;
 - (ii) Provide safety and protection;
 - (iii) Emphasise ingenuity and skill without unduly limiting the athlete's freedom of action;
 - (iv) Penalise athletes who gain an unfair advantage.
- b.) Definitions of all terms used in the World Triathlon Competition Rules are provided in Appendix D. Any difficulty in the interpretation or application of the World Triathlon Competition Rules should be referred to the World Triathlon Technical Committee.

1.3 Language and Communication:

- a.) The official language of World Triathlon Events is English:
 - (i) National Federations are responsible for providing translation services from/to English for their own athletes;
 - (ii) Local Organising Committees will communicate at least in English, even if another language is used in parallel.

1.4 Modifications:

- a.) The World Triathlon Competition Rules will be adapted for other modern multisport competitions, which fall within World Triathlon's jurisdiction;
- b.) An athlete must not be permitted an advantage not intended by a rule, or to conduct him/herself in a dangerous way. To implement this, every infringement related in the World Triathlon Competition Rules has a sanction attached. Technical Officials base their judgments on whether an advantage, not intended by the Rules, has been gained;
- c.) World Triathlon Competition Rules will be applicable to international competitions hosted by National Federations affiliated with World Triathlon.

1.5 Exceptions:

- a.) The World Triathlon Competition Rules will be applicable to all events sanctioned by World Triathlon and are to be implemented by the appointed Technical Delegate as appropriate. Where the World Triathlon Competition Rules conflict with the laws of the jurisdiction in which the event is to be held, the World Triathlon Competition Rules will override the laws of the jurisdiction to the extent of the inconsistency. Athletes must be notified of the implications of these laws as early as possible and not later than prior to the start of the event;
- b.) Exceptions for special circumstances in a particular event may only be gained from World Triathlon with prior approval. A request for an exception to the World Triathlon Competition Rules must be made in writing 30 days prior to the event to the World Triathlon Technical Committee through by assigned Technical Delegate;
- c.) Exceptions for special circumstances in a particular athlete may only be gained from World Triathlon with prior approval. A request for an exception to the World Triathlon Competition Rules must be made in writing 30 days prior to the event to the World Triathlon Technical Committee by the assigned Technical Delegate from the National Federation to whom the application has been submitted or is being submitted;
- d.) The World Triathlon Technical Committee may consult with other World Triathlon committees, commissions or appropriate parties;
- e.) For any rule exceptions related to events sanctioned by World Triathlon, but not run within the competition system of World Triathlon or any of the Continental Confederations, a permanent panel will be created with one representative from each of the three parties: World Triathlon Technical Committee, World Triathlon Staff, Event Rights Holder. The final proposal from the panel will go to the World Triathlon Technical Committee for endorsement.

1.6 Specific Regulations:

- a.) A Technical Delegate may approve the addition of specific regulations for a particular competition, provided that:
 - (i) Each additional specific regulation does not conflict with another World Triathlon Competition Rules;

- (ii) Each additional specific regulation is made available in written form and is announced at the athletes' briefing; and
- (iii) Each additional specific regulation and the reasons for its inclusion are advised to the World Triathlon Technical Committee one week before the day on which the event is to be conducted. The World Triathlon Technical Committee may invalidate the incorporation of an additional specific regulation only on the authority of the World Triathlon Executive Board.

1.7 Intellectual Property:

- a.) World Triathlon Events are the exclusive property of World Triathlon, which owns all rights associated including, without limitation, the rights to organise, exploit, broadcast and reproduce World Triathlon Events. These rights include any type of digital media, whether that be photographic or video in nature, captured from within the boundaries of the field of play, regardless of ownership of the capturing device. All the personal data from the athlete entered into any World Triathlon event and the data produced from the event, including the results are exclusive property of World Triathlon.

1.8 Unauthorised Exceptions or Additions:

- a.) The unauthorised exception to, or addition of, a competition rule will prevent an event from being sanctioned and will invalidate a sanction, which has already been granted to an event. This could result in legal complications, particularly in the case of accidents during the event and in subsequent requests for approval from National Federations and/or municipal authorities to use roads and waterways. Insurance authorities have also warned that claims made under such circumstances may be considered invalid.

1.9 Rule Updates:

- a.) The World Triathlon Competition Rules may be changed from time to time by the World Triathlon Technical Committee at its discretion, with the approval of the World Triathlon Executive Board. Any rule change(s) shall be advised in writing to affiliated National Federations at least 30 days before it/they is/are to take effect unless the World Triathlon Executive Board decides otherwise. Updated World Triathlon Competition Rules will be posted on the World Triathlon website (www.triathlon.org).

- Cameras, phone cameras, and video cameras are prohibited unless permission is given by the World Triathlon or the licence holder of the event. If such permission is given, it is the athlete's responsibility to obtain permission by ~~notify~~ the Head Referee of such permission prior to the start of the competition. Athletes seen with an unauthorised camera, phone camera, or video camera will be disqualified.

(xv) Ensure that the equipment to be used in the race complies with the safety standards and it is in proper condition;

(xvi) Not modify any equipment of the competition set up.

2.2 Outside assistance:

- a.) The assistance provided by event personnel or Technical Officials is allowed but is limited to providing drinks, nutrition, mechanical and medical assistance, upon the approval of the Technical Delegate or Head Referee. The Head Referee may authorise the accredited team support to repair flat tyres or replace wheel(s) if the incident happens before the first athlete arrives at Transition 1. Athletes competing in the same competition may assist each other with incidental items such as, but not restricted to, nutrition and drinks after an aid station, pumps, tubular tyres, inner tubes and puncture repair kits. Exceptions for Para Triathlon events are listed in 17.7 c);
- b.) Athletes may not provide essential race equipment to other athletes in the same competition, while the competition is in progress. Specifically, items that may not be provided to other athletes includes but is not limited to complete bicycles, bicycle frames, wheels and helmets. The penalty for this will be disqualification of both athletes. Athletes may provide to other athletes competing in the same competition other items of equipment provided that the donor is able to continue with their own competition;
- c.) An athlete cannot physically assist the forward progress of another athlete on any part of the course. This will result in the athlete being disqualified. If the athlete receiving this assistance accepts this help (and/or is not actively trying to avoid this assistance) will be disqualified.

2.3 Drug Abuse:

- a.) Athletes and guides will follow the World Triathlon Anti-Doping Rules;
- b.) All athletes and guides are responsible for familiarising themselves with the World Triathlon Anti-Doping Rules including medical and doping control tests, testing obligations, rights, responsibilities and procedures, penalties and appeal processes, and prohibited substances and methods. Athletes, guides and coaches can be entered in an event only after the successful completion of the specific anti-doping education module. This obligation is not applicable to Age-Group athletes;
- c.) World Triathlon has implemented the World Triathlon Anti-Doping Rules and abides by rules set by the World Anti-Doping Agency (WADA) Code.

2.4 Health:

- a.) Triathlons and World Triathlon's other related multisports are strenuous. To be able to compete, athletes should be in excellent physical condition. Their health and welfare is of paramount importance. By starting in a competition, the athletes declare they are in good health and are in appropriate physical condition to complete the competition;
- b.) World Triathlon encourages all the **Age-Group** athletes and **Technical Officials** to undergo a periodic health evaluation (PHE) and to undergo a pre-participation evaluation (PPE) prior to engaging in competitive sport. An annual PPE is mandatory for all athletes competing in Youth, Junior, U23, Elite and Para triathlon events, in any World Triathlon event as outlined in Appendix J. More information about PPE can be found in Appendix Q.

2.5 Eligibility:

- a.) All athletes must be in good standing with their National Federations. To ensure this, for World Triathlon and Continental Confederation events, all the entries must be done by the National Federations, not by the athletes themselves;
- b.) Athletes under suspension are not allowed to compete in any World Triathlon event, in any competition sanctioned by World Triathlon members, or in any competition held under the World Triathlon Rules;
- c.) An athlete's age is determined by their age on December 31st in the year of competition;
- d.) Athletes aged 15 to 17 years old are eligible to compete in the Youth category;
- e.) Athletes aged 16 to 19 years old are eligible to compete in the Junior category;
- f.) Athletes aged 18 to 23 years old are eligible to compete in the U23 category;
- g.) The minimum ages to be admitted in the competitions are determined by the distance of the event and by the category of the event as indicated in the chart below:

h.) An athlete acquires the condition of elite for the same calendar year once is being entered in an elite program of a World Triathlon event of the categories listed below:

- (i) World Championships;
- (ii) World Championships Series;
- (iii) World Championships Finals;
- (iv) World Series;
- (v) World Cup
- (vi) T100.

The elite condition is associated to the multisport(s) of the event the athlete has been entered.

Elite athletes are not allowed be guides and/or to compete in Age-Group events in the same calendar year and in the same Multisport in which they have gained the condition of elite;

All Elite athletes must be registered on the World Triathlon online system by their respective National Federation in the category they are competing in. Once they compete in a World Triathlon event, they cannot compete in the same calendar year as an Age-Group athlete in the same multisport as outlined in Appendix J. Athletes competing in the World Triathlon Championship Series will be automatically tagged as an Elite in the system.

- i.) Athletes will be eligible to compete in the individual Age-Group events in the group in which their age is included. The groups are:
 - (i) 15 to 19 in super sprint distance events (N15)/(F15);
 - (ii) 16 to 19 in sprint distance events (N16)/(F16);
 - (iii) 18 to 19 in standard and longer distance events (N18)/(F18);
 - (iv) 20 to 24 (N20)/(F20);
 - (v) 25 to 29 (N25)/(F25);
 - (vi) 30 to 34 (N30)/(F30);
 - (vii) Etc.
- j.) The different qualification criteria can be found in the World Triathlon Qualification Criteria and published in www.triathlon.org;
- k.) Specific qualification criteria affecting Major Games and Recognised Games are published in www.triathlon.org;
- l.) Specific qualification criteria affecting events sanctioned by World Triathlon, but not part of the World Triathlon events structure, are published in the respective website of such events;
- m.) Athletes may not compete within 24 hours at the same or different World Triathlon event in more than one triathlon or multisport competition (see Appendix I) when one competition is of standard distance or longer. The 24 hours is considered from the start of the race till the start of the other race the following day. Exceptions will be for the mixed relay events at the defined super-sprint distances (see 16.1.a.), PTVI1, PTVI2 and PTVI3 guides and aquathlon;
- n.) Age limits: Athletes must be a minimum age to compete in any event, as outlined in Appendix A. Continental Confederations may add other age limits for Continental Championships, for youth and younger categories with super-sprint events. The age limits as outlined in Appendix A cannot be modified;
- o.) An athlete who competes in a category different from his/her age, in a distance in which it is not allowed, or before the 24-hour period, will be disqualified from the events he/she took part in. Any awards, prizes and points will be removed;

- p.) Eligibility of athletes to the male, female or open races are subject to the criteria determined in the documents:
- (i) [World Triathlon Gender Eligibility Guidelines](#);
 - (ii) [World Triathlon Eligibility Regulations for Transgender Athletes](#); and
 - (iii) [World Triathlon Non-Binary Policy](#).
- q.) Athletes who are competing under the World Triathlon flag will be entered in the competition by the National Federation the athlete is moving to. They will compete with the same rights as any other athlete in terms of awards, prizes and points.

2.6 Insurance:

- a.) All athletes competing in events must have personal insurance coverage guaranteed by their National Federation. This insurance will cover:
- (i) Any accident occurring on the days and at the location of the competitions, official trainings (listed in the official schedule of the event), official course familiarisations, briefings, opening and closing ceremonies;
 - (ii) Liability caused by an athlete during the competition.
- b.) The athlete's National Federation guarantees the existence of the insurance coverage mentioned in this article by entering or confirming an athlete in an event;
- c.) Local Organising Committees or National Federations organising an event cannot force the athletes to pay for an insurance coverage mentioned in this article.

2.7 Registration:

- a.) Entry:
- (i) National Federations will register their athletes for World Triathlon Events following their National Federation qualification system or other World Triathlon approved qualification system;
 - (ii) All athletes qualify to any World Triathlon Event as outlined in Appendix J, by the eligibility rules outlined in 2.5 and by the qualification criteria outlined in Appendices E;
 - (iii) Prior to competing in World Triathlon Championships, World Triathlon Cups, World Triathlon Championship Series events, World Triathlon Para Series, World Triathlon Para Cups and World Triathlon Multisport Championships, Elite, U23, Junior athletes and Para triathletes must sign the World Triathlon Athletes' Agreement, which states that any dispute arising from the World Triathlon Rules that cannot be settled by its existing protests and appeals procedure, shall be settled finally by the Court of Arbitration for Sport (CAS) to the exclusion of recourse to ordinary courts. 2.12 Exceptional conditions:

- a.) The following list highlights some of the exceptional situations that may happen. Different scenarios from those indicated may arise, which need to be solved by the Technical Delegate following the same principles. The Technical Delegate may take other decisions if the options below are not possible to implement. Prize money and points will be distributed according to the final result of the race:
 - (i) Before the competition:
 - A triathlon may be modified to a duathlon, aquathlon, or even in a 2 segments competition: swim-run, bike-run or run-bike, by the equivalent distance. Time trial starts are allowed. The preferred option will be a duathlon with the shorter run first;
 - A duathlon may be modified to two segments: bike-run or run-bike. Time trial starts are allowed;
 - The events to be postponed to hold as a minimum two segments. If not possible, the event will be cancelled as no multisport can be run as a single segment event;

- Mixed Relay events may be modified on the same basis than those indicated in the previous two bullets.
- (ii) Modification of the competition once started:
- Any segment, but only one, may be shortened during the competition. The Technical Delegate and Technical Officials will take all reasonable actions to ensure the fairness of the event and the safety of the athletes. Otherwise, the competition will be stopped;
 - For the mixed relay events, once one segment is modified, the modifications will remain for the rest of the legs.
- (iii) Unplanned interruption of individual standard distance or shorter competition after it has started:
- If the lead athlete has completed more than 50% of the last segment all athletes will be ranked according to the position at the last available recorded data;
 - In the case that all the athletes are stopped before 50% of the last segment the competition will be restarted, if possible, otherwise no results will be produced;
 - The new start will happen, at least, 45 minutes after the interruption. **DSQ athletes will not be able to restart, DNF, DNS and LAP will be able to restart. Time penalties will be removed. If necessary, Competition Jury will meet before the restart to decide on protests filed by DSQ athletes.**
- (iv) Unplanned interruption of individual middle distance or longer competition after it has started:
- Athletes who completed at least two segments will be ranked according to their position at the last available recorded data;
 - Any athlete who does not complete at least two segments will be included in the results as NC;
 - In the case that all the athletes are stopped before the end of the second segment the competition will be restarted, if possible, otherwise no results will be produced;
 - The new start will happen, at least, 45 minutes after the interruption. **DSQ athletes will not be able to restart, DNF, DNS and LAP will be able to restart. Time penalties will be removed. If necessary, Competition Jury will meet before the restart to decide on protests filed by DSQ athletes.**
- (v) Modification of mixed relay competition by shortening it:
- The race will be considered valid for those teams which completed at least two legs;
 - There are two possible scenarios:

1. If all of the teams are able to reach the point of cancellation (i.e. broken pontoon, with no possibility to get in the water). The results of the race will be according to the position and times of the teams at the point the race is stopped;
2. If the race has to stop no matter where the teams are (i.e. weather alert) The results of the race will be according to:
 - The latest timing split per team;
 - The order of the teams to that point.

(vi) Modification of qualifying round format events:

- In case not all the round of competition (qualifier or final) can be performed, the results of the last complete round performed will be considered as final results by ranking the athletes according to the times on that round;
- If the first round of competition is not completed, the competition will be restarted for all the athletes if possible, otherwise no results will be produced;
- A triathlon may be modified to a duathlon, aquathlon, or even in a two-segment competition: swim-run, bike-run or run-bike, by the equivalent distance. Time trial starts are allowed. The preferred option will be a duathlon with the shorter run first;
- A duathlon may be modified to two segments: bike-run or run-bike. Time trial starts are allowed.

2.13 World Triathlon Events Advisory Group:

- a.) This body will be available to provide support and guidance to the Technical Delegates of all events in the World Triathlon and Continental Confederations calendar;

- b.) A warning may be given when:
 - (i) An athlete violates a rule unintentionally;
 - (ii) A Technical Official believes a violation is about to occur;

- d.) It is not necessary for a Technical Official to give a warning prior to issuing a penalty for a more serious rule violation for which the athlete may be disqualified, suspended, or expelled.

3.3 Time Penalty:

- a.) A time penalty is an appropriate penalty for infringements, which do not warrant a disqualification;
- b.) Time penalties will be served in a specific location as indicated in the table below. Stopping In a different location will be considered as a penalty not served;

	Elite Draft Legal	Elite Draft-illegal Para triathlon	Age-Group

The time penalty starts when the athlete complies with all above and ends when the Technical Official says "Go", at which time the athlete may continue with the competition. If the athlete leaves the area, the Technical Official will ask the athlete to return and the time will be paused. Once the athlete complies the count will continue. For PTWC athletes the count will start once the athlete is totally stopped;
 - (iii) While in the bike penalty box, athletes can consume only the food and/or water that is on the athlete's bike or person;

- (ii) The penalised athletes' race numbers are clearly displayed on a board at the penalty box;
 - (iii) The penalised athlete will proceed into the penalty box and inform the Technical Official of their race number and number of penalties to serve. The time penalty starts when the athlete complies with all above and ends when the Technical Official says "Go", at which time the athlete may continue with the competition. If the athlete leaves the area, the Technical Official will ask the athlete to return and the time will be paused. Once the athlete complies the count will continue;
 - (iv) The penalised athlete's number will be removed from the board once the penalty is served;

- c.) If other weather conditions dictate, i.e., high winds, heavy rain, changing temperature, current, etc. the Technical Delegate in consultation with the Medical Delegate (if applicable) may adapt limits of the swim length or adopt provisions about the use of wetsuits. The final decision will be made one hour before the start and will be clearly communicated to the athletes by the Technical Delegate;
- d.) For aquathlon events (normally run-swim-run), the LOC should plan for a swim-run where the water temperature is expected to be below 22 °C. Where a run-swim-run aquathlon has been planned, but on competition day the water temperature is below 22 °C, the format will change to swim-run;
- e.) Water temperature must be taken one hour prior to the start of the event on competition day. It must be taken at the middle of the course and in two other areas on the swim course, at a depth of 60 cm. Where the average measured figure is 27 °C or below, the lowest measured temperature will be considered as the official water temperature. Where the average measured figure is above 27 °C, the highest measured temperature will be considered as the official water temperature.

4.5 Starting Position Selection: (Elite/U23/Junior/Youth athletes):

- a.) Prior to the start of competition, athletes are lined up in a designated area in the order of their start numbers. A Technical official will order each athlete to move to the start one by one;
- b.) Upon entering the start area, each athlete will go directly to their selected numbered position of their choosing upon entering the pontoon and stay in that position until the start is given behind the pre-start line until the start procedure. A selected position cannot be changed by any athlete once it is chosen during the Starting Position Selection process. An athlete cannot occupy more than one start position:
 - (i) The Technical Delegate may decide to cancel this process and assign the start positions according to race numbers, in cases where no ranking exists or due to other extraordinary circumstances.
- c.) Start Line Technical Officials note each athlete's race number and the starting position selected. Once the section assigned to a Start Line Technical Official has been filled, they will raise a flag;
- d.) Starting Position Selection ends when every athlete is in a starting position and every Start Line Technical Official has confirmed readiness for the start by raising their flag.

4.6 Starting Position Selection: (Age-Group)

- a.) Athletes from the same wave will be together as a group in the pre start area;
- b.) A Technical Official will allow the athletes to move to the start area and will control the flow to keep this process safe;
- c.) Athletes will select any position which is not used. Technical Officials may ask the athletes to move from crowded to empty areas of the start line;

4.7 Start Procedure (Mass start):

- a.) A start is a mass start when a large group of athletes are starting together. It may be used in any competition and category;
- b.) After all athletes are in position (confirmed and noted by the Start Line Technical Officials) and the whole Field of Play is confirmed ready for the start, "Athletes, you are now in the hands of the starter" "On your marks!" is announced and Start Line Technical Officials lower their flags. ~~and the athletes step forward to the start line (without stepping on it).~~ This announcement will be given not later than 20 seconds before the start and the athletes must stay within their starting position after hearing it;
- c.) Following the announcement of "Athletes, you are now in the hands of the starter", a heartbeat soundtrack may be played for maximum of 15 seconds and will then fade out;
- d.) ~~Between 3-5 seconds after the heartbeat is faded out~~ ~~Any time after the announcement,~~ the start signal will be given by a Technical Official or other assigned person by blasting a horn. Athletes will move directly forward towards the first buoy until they reach the water. No movement to a different start position is permitted;
- ~~Technical Officials involved in the start procedure are:~~
- ~~Start Technical Officials are responsible for announcing "On your marks" and for giving the start and false start signal;~~
 - ~~False Start Technical Officials stand on both sides of the start area to have a clear view of the start.~~
- e.) False start: In case of a false start, where several athletes move forward before the start horn, the Head Referee or designated Official will sound the start horn many times declaring the start is not valid. This declaration may be done following the signal of False Start Officials who signal the Head Referee with a flag to indicate a false start, following the indication of any of the Start Line Technical Officials by raising their flag, or by the Head Referee's own decision. ~~requiring~~ Athletes will be required to return to their previously selected positions. This will be controlled by the Start Line Technical Officials and the start procedure will start again. ~~The false start officials will signal the Head Referee with a flag to indicate a false start.~~ A false start may be declared also when not all the athletes have the opportunity to start the race immediately after start horn;
- f.) Valid start with early starters: In the case of an early start of a few athletes, the competition can continue, the Head Referee ~~False Start Technical Officials~~ can decide that the start is valid and the competition can continue with penalties given to the early starters. A photo/video camera and/or the declaration of the Start Line Technical Officials may be used to identify early starters. The early starters will receive a time penalty in Transition 1. In case of mixed relay events, the time penalty has to be served by the first athlete of the team;
- g.) For Age-Group events mass start may be organised in different waves. Different Age-Group categories may be grouped in the same wave. Age-Group categories with a large

number of athletes may be split, in this case only athletes from the same Age-Group category will be in the same wave;

- h.) Athletes starting in any wave before the one that the athlete is assigned to, will be disqualified;
- i.) Athletes who are late to the assigned wave will need the approval of the Start Technical Official **to start in a later wave**. The athlete start time will be the start time of the assigned wave.

4.8 Start procedure (Interval Start System):

- a.) An interval start is defined when the start is given at different times to different groups of athletes who are competing together. Typically, it is used in PTWC and PTVI events;
- b.) Athletes are responsible for being at the start line on time;
- c.) A video camera shall be used to record the entire start;
- d.) The Start Technical Officials are responsible for synchronising their own and the Timekeepers' watches;
- e.) Start Technical Officials must provide all athletes with the opportunity to start at their correct times. An assistant responsible for recording the details for any violations at the start must be placed near the starter. The athletes' actual start time must be noted with both electric and hand timing, in case the Competition Jury decides his/her late start was due to force majeure;
- f.) Athletes will be called to the start area and will occupy the start positions according to the Technical Officials' instructions;
- g.) Ten minutes before their start time, all the athletes should be ready at the start area;
- h.) Five minutes before their start time, athletes will be asked to take their position at the start area;
- i.) One minute before their start time, athletes will be asked to enter the water, or approach the start line;
- j.) When all athletes are in position, the 'start procedure' **will be initiated as defined in 4.7 b.) to 4.7 f);** ~~"On your marks!" will be announced;~~
- k.) The start signal (horn blast) will be sounded at the exact start time of the wave;
- l.) An athlete who is an "early starter" in a "valid start" will not be recalled to the start line;
- m.) The early starters will receive a time penalty in Transition 1;
- n.) An athlete who starts any time before the beginning of the "start procedure" or who starts in a wave they are not assigned to, will be disqualified;
- o.) Athletes who are late to their assigned wave must get approval of the Start Technical Official to start, and the start time will be the start time of the assigned wave, and no adjustment to his/her start time can be made.

4.9 Start procedure (Time Trial Start System):

- a.) Time trial start system is defined when the athletes competing in the same event will start the race at specified start times. Typically, is to be used in events with time trial qualifier stages;
- b.) Athletes are responsible for being at the start line on time;
- c.) A video camera shall be used to record the entire start;
- d.) The Start Technical Officials are responsible for synchronising their own and the Timekeepers' watches;
- e.) Start Technical Officials must provide all athletes with the opportunity to start at their correct times. An assistant responsible for recording the details for any violations at the start must be placed near the starter. The athletes' actual start time must be noted with both electric and hand timing; in case the Competition Jury decides his/her late start was due to force majeure;
- f.) Athletes will line up according to the start order. Athletes will need to report at the pre-start area at least 2 minutes before their start time;
- g.) Athletes will be informed by the starter about the remaining time to the start, 15 and 5 seconds before the start time;
- h.) The Start Technical Official will announce the start time by using an electronic/manual horn;
- i.) Athletes starting the competition before the start time will be recalled to the start line. Any athlete failing to do this will be disqualified. Athletes starting after their start time, must get the approval of the Start Technical Official to proceed. The start time of those athletes will be the start time originally assigned.

4.10 Start Procedure (Rolling Start System)

- a.) Rolling start is defined when athletes can cross the start line at any moment during a defined range of time. The athlete's time will start when the athlete crosses the start line. This start system is appropriate for long distance events with mass participation. It may be used in draft-illegal events, even if they are not long distance, or where the start conditions do not permit a wide space offering the athletes a safe start to the swim. There are two variations:
 - (i) Rolling start with determined start times: Athletes will start with no order in predetermined time slots, individually or in groups up to five athletes;
 - (ii) Continuous rolling start: athletes will start the race in a continuous flow.
- b.) This system is only applicable to Age-Group competitions;
- c.) There will not be a mass start;
- d.) The Start Technical Official can interrupt the start procedure at any time;

- e.) The Start Technical Official will determine the start time of any athlete in case of incidents at the start;
- f.) If one athlete has two or more start times recorded, the first one will be the valid start time
- g.) Athletes starting in any wave before the defined range of time for him/her, will be disqualified;
- h.) Athletes who are late to the defined range of time will need the approval of the Start Technical Official, and the start time will be the real start time of the athlete. ~~The athlete start time will be the start time of the first athlete in the defined range of time.~~

- l.) Fairings are prohibited. Fairings are defined as any devices or materials (including duct tape) added, attached, or blended into the structure of the bicycle which have the effect of reducing the resistance to air penetration. Devices or materials (including duct tape) added, attached, or blended into the structure of the bicycle that does not fundamentally alter or enlarge the general shape of the structure, (e.g., to cover valve cut out of the rear disc wheel, to cover bolts access, etc.) are not affected by this rule;

5.4 Overlapping:

- a.) **In the draft legal races for** Elite, U23, Junior, Youth and Mixed Relay, athletes who have been lapped during the bike segment will be withdrawn from the competition by the Technical Officials. Technical Officials may anticipate this decision, for safety reasons, if the athlete is closer than 100 meters ahead from the leader and the Technical Official is totally sure that the overlapping will happen. This provision can be modified by the Technical Delegate, following the procedure outlined in 1.5.

5.5 Drafting:

- a.) General Guidelines:
 - (i) There are two kinds of competitions, depending on the allowance of drafting:
 - Draft-legal competitions;
 - Draft-illegal competitions.
 - (ii) The competitions will be draft-legal or illegal according to this table:

	Junior and Youth	U23	Elite	Age-Group	Para triathlon
TRIATHLON					
Mixed Relay	Legal	Legal	Legal	Legal	Illegal
Super Sprint Distance	Legal	Legal	Legal	Illegal	
Sprint Distance	Legal	Legal	Legal	Both options	Illegal
Standard Distance		Legal	Legal	Illegal	Illegal
Middle and Long Distance			Illegal	Illegal	Illegal

DUATHLON					
Mixed Relay	Legal	Legal	Legal	Legal	
Super Sprint	Legal	Legal	Legal	Illegal	
Sprint Distance	Legal	Legal	Legal	Both options	Illegal
Standard Distance		Legal	Legal	Illegal	Illegal
Middle and Long Distance			Illegal	Illegal	Illegal
AQUATHLON					
WINTER TRIATHLON (all distances)	Legal				
CROSS TRIATHLON AND DUATHLON (all distances)	Legal

b.) Draft legal events:

- (i) It is forbidden to draft off a different gender athlete;
- (ii) It is forbidden to draft off an athlete being in a different lap;
- (iii) It is forbidden to draft off a motorbike or vehicle.

c.) Draft-Illegal events:

- (i) It is forbidden to draft off another athlete or motor vehicle. Athletes must reject attempts by others to draft;
- (ii) An athlete is entitled to any position on the course, provided they get to that position first and without contacting others. When taking a position, an athlete must allow reasonable space for others to make normal movements without making contact. Adequate space must be available before passing;
- (iii) An athlete who approaches from any position to take advantage of the draft, bears responsibility for avoiding the draft;
- (iv) To draft is to enter the bicycle or vehicle drafting zone:
 - ~~Middle and long distance draft zone:~~ The bicycle draft zone will be 12 meters long measured from the leading edge of the front wheel. An athlete may enter the draft zone of another athlete but must be seen to be progressing through that zone. A maximum of 25 seconds will be allowed to pass through the zone of another athlete. Several consecutive attempts to overtake with no success may lead to a drafting infringement;

- ~~Standard and shorter distance events bicycle draft zone: the bicycle draft zone will be 10 meters long measured from the leading edge of the front wheel. An athlete may enter the draft zone of another athlete but must be seen to be progressing through that zone. A maximum of 20 seconds will be allowed to pass through the zone of another athlete. Several consecutive attempts to overtake with no success may lead to a drafting infringement;~~
- Motorbike draft zone: the draft zone behind a motorbike will be 15 meters long. This applies also for draft legal events;
- Vehicle draft zone: The draft zone behind a vehicle will be 35 meters long and applies to every vehicle on the bike segment. This applies also for draft legal events.

(v) Entry into the bicycle drafting zone: An athlete may enter a bike draft zone in the following circumstances:

- For safety reasons;
- If the athlete enters the draft zone, and progresses through it within the allotted time in the overtaking manoeuvre;
- 100 meters before and after an aid station or transition area;
- At an acute turn;
- If the Technical Delegate excludes a section of the course because of narrow lanes, construction, detours, or for other safety reasons.

(vi) Overtaking:

- An athlete is passed when another athlete's front wheel is ahead of theirs;
- An overtaken athlete must drop out of the draft zone of the passing athlete by continuously making rearward progress out of the draft zone of the passing athlete. Re-passing by an overtaken athlete prior to dropping out of the draft zone will result in a drafting violation;
- Overtaken athletes who remain within the draft zone of the passing athlete for more than the allotted time will be given a drafting violation;
- Athletes must keep to the side of the course and not create a blocking incident. Blocking is where an athlete who is behind cannot pass due to the leading athlete being poorly placed on the course;

- The Technical Delegate will instruct the athletes during the briefing on which side they must pass another athlete when mounted on their bicycle.

(vii) See the diagrams below for events where the right-hand side road rules apply.

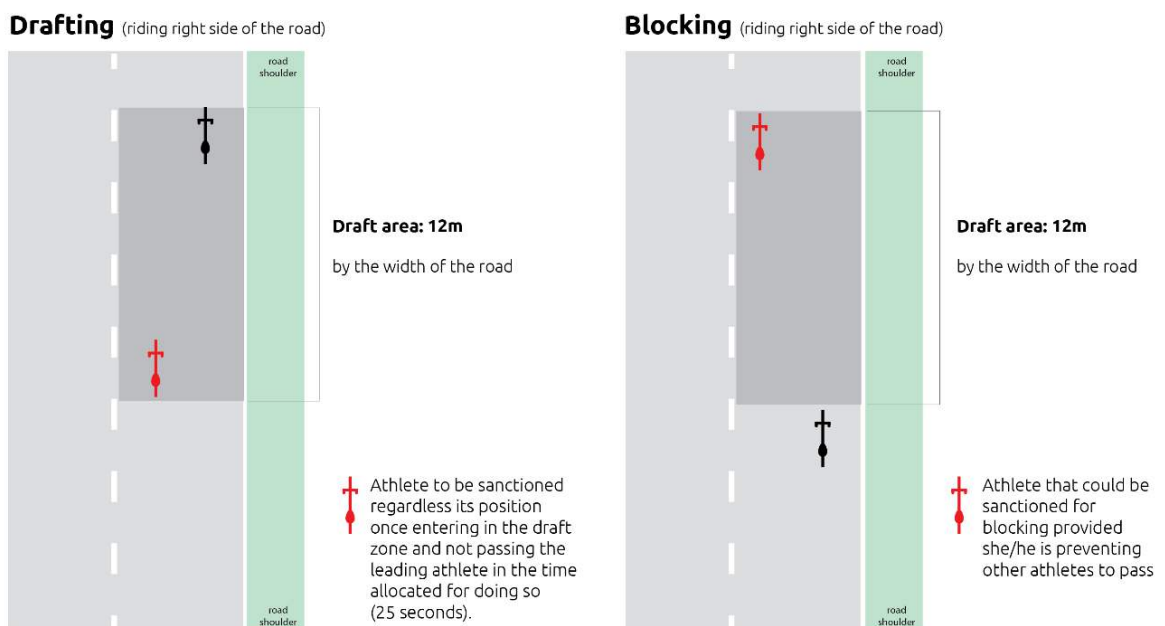

5.6 Penalties for drafting:

- It is forbidden to draft in a competition declared as draft-illegal;
- Technical Officials will notify the athletes who draft they are subject to a time penalty. This notification must be clear and unambiguous;
- The athlete sanctioned has to stop in the next penalty box and must stay there for a specific time depending on the competition distance. **Drafting time penalties are outlined at 3.3 e.) One minute for the sprint distance, two minutes for standard distance and five minutes for middle and long distance;**
- It is the athlete's responsibility to stop in the next penalty box. Failing to stop will result in a disqualification;
- A second drafting offence will lead to a disqualification in standard distance events or shorter;
- The third drafting offence will lead to disqualification for middle- and long-distance events.
- Drafting violations cannot be appealed.

5.7 Blocking:

- Athletes must keep to the side of the course and not create a hazard by blocking other athletes on the course. Blocking is where an athlete who is behind an athlete cannot pass due to the leading athlete being poorly placed on the course. Athletes blocking will receive a yellow card to be served at the next bike penalty box.

5.8 Riding positions:

- a.) The riding position requires that the only points of support are the following: the feet on the pedals, the hands on the handlebars and the seat on the saddle;
- b.) Additionally, during the draft-illegal races, forearms can be used as a point of support on the handlebar. While arms or elbows are in contact with the handlebar or armrest, hands will grip the clip on;
- c.) **This article does not apply in Cross and Winter races.**

 - (iii) The servicing follows the "first come first served" principle.
- i.) In case of a wheel replacement the original (replaced) wheel must be left at the wheel station. Not adhering this rule may lead to disqualification.

6. RUNNING:

6.1 General Rules:

- a.) The athletes will:
 - (i) Run or walk;

 - (iv) Athletes are subject to random shoe control before, during, or after any competition. For any shoe that cannot be identified, each piece of information (and maybe the shoe itself) will be required to be sent to the World Triathlon headquarters for verification within 7 days after the competition it was worn;
 - (v) In the official results, the athletes under shoe review will have a note (Uncertified/UNC) added to the results footer notes. If the shoe is confirmed as legal, the note will be removed. In any different case, the athlete will be disqualified.

7. TRANSITION AREA:

7.1 General Rules:

- a.) Athletes must use only their designated bike rack and must rack their bike:
- (i) For a traditional bike rack, the bike must be racked as follows:
 - For the first transition: in an upright position with the front of the saddle hooked over the horizontal bar so the front wheel is pointing to the middle of the transition lane. Head Referee may apply exceptions;
 - For the second transition: In any direction, with both sides of the handlebar, both brake levers or the saddle within 0.5 m of the rack number or name plate. The bike must be racked in a way that does not block or interfere with the progress of another athlete.
 - (ii) In case of an individual bike rack, the bike must be racked in the first transition by the rear wheel and in the second transition by either of the wheels.
- b.) Position of equipment:
- (i) Athletes must place within 0.5m of the bin all equipment to be used at a later stage in the event. If a bin is not provided, the 0.5m will be measured from the point on the ground immediately below the rack number or name plate. The bin, if provided, must be within 0.5m from the rack number or name plate;
 - (ii) Only equipment to be used during the competition can be left in transition. All other belongings and equipment are to be removed before competition starts;
 - (iii) By the end of the last transition all equipment - regardless whether used or not - must be deposited in the corresponding numbered bin provided, with the following exceptions:
 - bike shoes, which may remain fixed on the pedals;
 - other bike equipment than helmet and glasses, if placed on the bike previously in Transition 1 may remain on the bike.
 - (iv) For any previous transitions, only used equipment must be deposited in the corresponding numbered bin provided. For events with repeating segments, the rule applies for any used equipment that will not be used again;
 - (v) A piece of equipment is considered deposited in the bin when one part of the equipment is inside the bin.
- c.) If an athlete wishes to use the same shoes in a duathlon for the second run these do not have to be placed in the bin in transition one, however, only one pair of running shoes may be on the floor at any time during the bike segment of the competition. Running shoes must be located within 0.5m of the athlete's bin (rack number/name plate);
- d.) Athletes who are observed by a Technical Official intentionally discarding any item ~~their swim cap~~ between the swim exit and transition will receive a penalty;

- e.) Bike shoes, glasses, helmet, and other bike equipment can be placed on the bike in Transition 1;
- f.) Athletes must not impede the progress of other athletes in the transition area. Interference that prevents another athlete to continuing in the competition will result in disqualification. Misplaced equipment can be moved by the athlete affected;
- g.) Cycling is not permitted inside the transition area, except during the cycling segment. Mount and dismount lines are part of the transition area;
- h.) Athletes must mount their bicycles after the mount line by having one complete foot contact with the ground after the mount line;
- i.) Athletes who cycle out of transition rather than mounting at the mount line will be disqualified;
- j.) Athletes must dismount their bicycles before the dismount line by having one complete foot contact with the ground before the dismount line;
- k.) Athletes who make no attempt to dismount at the Dismount line causing them to cycle in Transition will be disqualified;
- l.) While in the transition area (before the mount line and after the dismount line) the bike can be pushed only by the athlete's hands;
- m.) If during the mount or dismount manoeuvre, the athlete loses their shoe(s) or other equipment, they will be collected by the Technical Officials and no penalty will be applied;
- n.) Nudity or indecent exposure is forbidden;
- o.) Athletes cannot stop in the flow zones of the transition area;
- p.) Wetsuits can only be removed in a designated area or at the transition spot;
- q.) Marking positions in the transition area is forbidden. Marks, towels and objects used for marking purposes will be removed and the athletes will not be notified;
- r.) All athletes must have their helmet securely fastened and cannot lock or unlock ~~touch~~ the locking mechanism of the helmet from the time they remove their bike from the rack before the start of the bike segment until after they have placed their bike on the rack and let go after the finish of the bike segment;
- s.) The helmet strap must remain unfastened in the transition area while the athlete is completing the first segment.

The decision on which ages are grouped together is the responsibility of the National Federation and the Continental Confederation respectively.

9. PRIZES AND AWARDS

9.1 Prize Money:

a.) General Rules:

- (i) Prize money for the World Triathlon Events shall be distributed equally between men and women in both amount and depth, according to the World Triathlon Prize Money Percentage Breakdown, as outlined in Appendix H;
- (ii) Prize money will be paid regardless of the points cut-off percentage time of the winner.

9.2 Awards:

- a.) Athletes or team members who place first, second or third at any event will be awarded an official podium medal (gold, silver, bronze);
- b.) In addition, teams may receive a medal and/or trophy for first, second and third positions.

9.3 Prizes, Points and Awards in combined events/categories:

			- Continental points: Athletes from the continent
--	--	--	---

- b.) **Following the Continental Confederation approval,** athletes from other continents can participate in Continental Championships provided that the competition is not full with the athletes from the host continent. In this case, points and medals are going to athletes from the host continent, but prize money is distributed to the athletes in the overall results. The exceptions to this paragraph are the Duathlon and Long-distance Triathlon Continental Championships that are part of the World Series as well: in this case points are distributed to the overall results.

10. EVENTS

10. A. Events: Safety and environment:

10.1 Water quality:

a.) Water quality:

(i) Samples of the water collected from three different locations on the swim course will be separately analysed and the poorest results will determine if the swim can take place. The swim will be allowed if the following values are set as the World Triathlon below the level of tolerance limits in the different types of water:

- Sea and transition water:
 - PH between 6 and 9;
 - Enterococci not more than 200 100 per 100 ml (cfu / 100 ml);
 - Escherichia coli E. Coli not more than 500 250 per 100 ml (cfu / 100 ml);
 - Absence of positive visual evidence of Red Tide Algal bloom.

- Inland water:
 - PH between 6 and 9;
 - Enterococci not more than 400 200 per 100 ml (cfu / 100 ml);
 - Escherichia coli E. Coli not more than 1000 500 per 100 ml (cfu / 100 ml);
 - The presence of Blue-Green Algal blooms/scum (cyanobacteria) not more than 100.000 cells/ml. This test is only required in case of positive visual evidence of Blue-Green Algal bloom. Because of the potential for rapid scum formation daily visual sanitary inspection is mandatory by the LOC Medical Director in the two weeks before the competition in the area prone to scum formation. Where no scums are visible, but the water shows strong greenish discoloration, turbidity and the transparency is less than 0.5 m the cyanobacteria test must be performed.

- All units have to be cfu/100 ml or nmp/100 ml. (cfu: Colony Forming Units; nmp: Most Probable Number).

(ii) ~~If the water quality test shows values out of the tolerance limits as indicated above, the swim will be cancelled, unless the World Triathlon Medical and Anti-Doping Committee permits.~~

10.2 Water quality information and decision-making flow:

a.) Water Quality Data:

- (i) According to the World Triathlon rules, the LOC must submit water quality tests taken from three locations of the swim course:
- 2 months before the competition;
 - 7 days before the competition;

- on the first competition day of the event, for statistical purposes only.
- (ii) However, results delivery may vary from 48 hours to 96 hours depending on the methodology that the laboratory is using. Results received more than seven days after the sample collection will not be accepted;
- (iii) Therefore, making a decision on competition delay based purely on data that is not reflecting the current conditions 100% is not advisable;
- (iv) Additionally, for Olympic and Paralympic Games the collection of water samples will be done:
- One test per day for a period of ten days before the first competition till two days after the last competition, one, two and three years before the Olympic Games and the Paralympic Games;
 - From ten days before the first competition till two days after the last competition twice every day, in the morning and in the evening in the year of the Olympic Games and the Paralympic Games;
 - Results will be delivered within 24 hours from the sample collection.

b.) Applicable process:

- (i) Use approach in the cases but not limited to, where the event is running under rainy conditions recommended by WHO to guide decision making by combining:
- Visual sanitary inspection;
 - Water quality analysis;
 - Weather forecasts.

c.) Visual sanitary inspection:

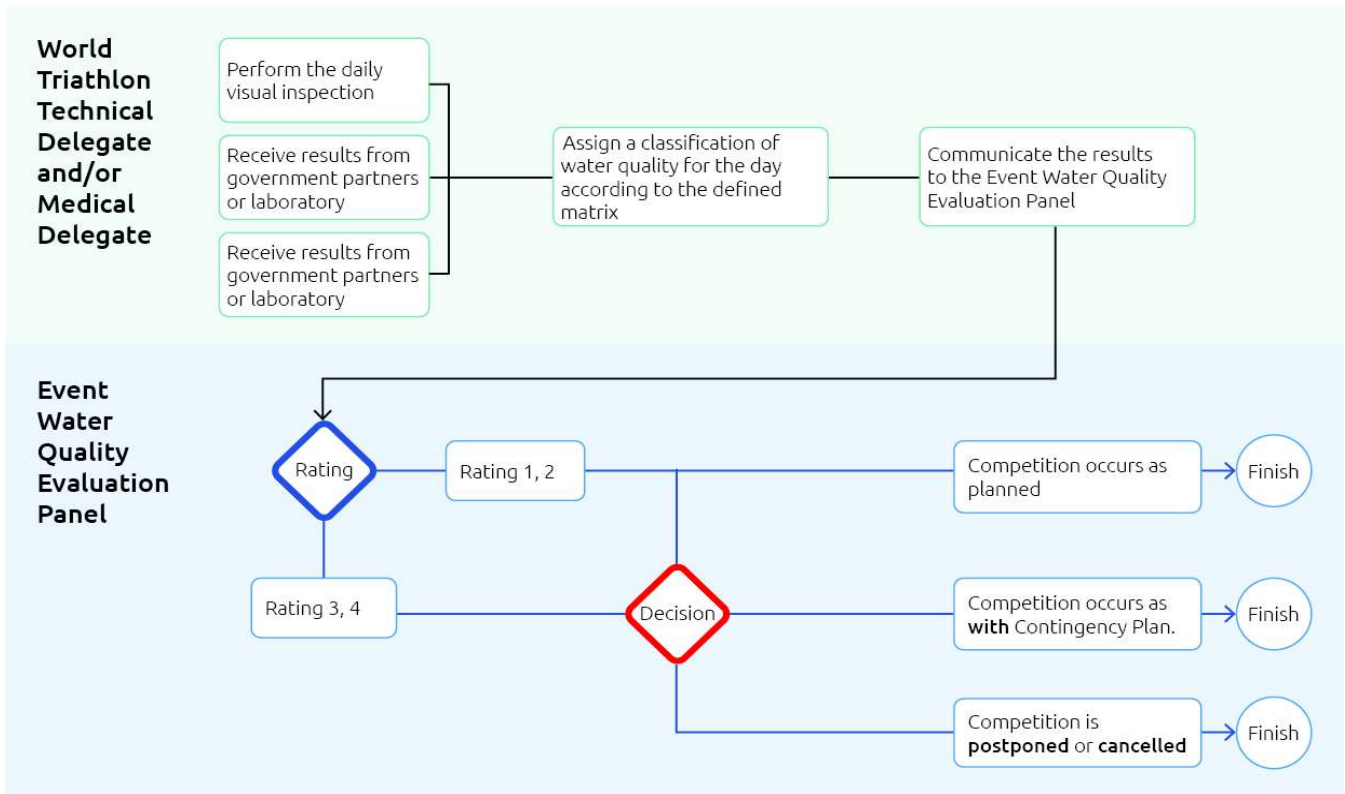

- (i) The World Triathlon TD and/or the assigned World Triathlon MD must check the following entities that are specific water quality indicators: Evaluation of:
- The absence of oils and smell of phenol;
 - The colour of the water does not that may not change in an abnormal way;
 - Visibility of the water of more than one meter (this may only be less when natural circumstances cause this);
 - The absence of garbage; A location with a lot of garbage can be an ideal environment for brown rats;
 - The absence of discharge of cooling water from a factory;
 - The absence of sewage discharge or the occurrence of houses and boats;
 - The absence of bird colonies;
 - The absence of Blue-Green, Algal bloom or Red Tide Algal bloom.

d.) Water Quality Information Flow:

(i) The Events Water Quality Evaluation Panel ~~World Triathlon/LOC Water Quality Consultative Group~~ is represented by:

- World Triathlon Medical Committee representative;
- ~~World Triathlon Technical Delegate;~~
- World Triathlon Medical Delegate (if not applicable, the World Triathlon Technical Delegate);
- ~~World Triathlon Team Leader (if applicable);~~
- ~~World Triathlon Sport Department (including the Project Manager);~~
- LOC Medical Director (if not applicable the LOC Race Director);

e.) In case of discrepancy between the results we must consider that the E.Coli are the best indicator bacteria for inland water, and the Enterococci are the best indicator for sea water;

f.) Water Quality Decision Matrix (Sea and Transition water)

		Two past results E.coli < 250* Enterococci < 100*	Last result E.coli: 250 to 500* Enterococci 100 to 200*	Two past results E.coli: 250 to 500* Enterococci 100 to 200*	Last result E.coli > 500* Enterococci > 200*

- 3 = 'Fair Water Quality': (E. coli: 250 to 500 or Enterococci 100 to 200), but with potential or poor visual pollution during visual sanitary check and/or potential for forecast of heavy rain;
- 4 = 'Poor Water Quality': (E. coli > 500 or Enterococci > 200), with any visual pollution during visual sanitary check and/or potential for forecast of heavy rain.

- 4 = 'Poor Water Quality': (E.coli > 1000 or Enterococci > 400), with any visual pollution during visual sanitary check and/or potential for forecast of heavy rain.

h.) Decision making

- (i) If the water quality levels show values three (3) or four (4), the swim will proceed, only if the Events' Water Quality Evaluation Panel permits with a simple majority. In this case, the local water quality regulations may be considered.

10.3 Modifications due to heat:

- a.) Medical Delegate or, if absent, Race Medical Director will measure the WBGT index. All the measurements with the WBGT tool should be taken at the finish area every 30 min starting 3 hours before the start of the competition. The device must be placed in direct sunlight 1.5 m above the ground;
- b.) WBGT index values are categorised:
 - (i) Assessing on-site environmental heat stress at regular intervals using the Wet-Bulb-Globe-Temperature (WBGT) index and providing announcements of its readings. WBGT levels for the modification of exercise or competition for healthy adults are based on recommendation from the American College of Sports Medicine (2007);
 - (ii) Any decision made will take into consideration the level of medical assistance, facilities in the medical tent, evolution of the weather conditions and forecast, period of the competitive season, race distance and category, athlete fitness level and the age of the athletes. Event organisers will pay particular attention to unexpected or unseasonably hot weather in mass- participation events, considering that the un-acclimatised participants or participants without a sufficient level of training are at higher risk for heat illness;
 - (iii) During the races, weather information and the WBGT index will be provided at the Sport Information Centre and the Athlete Lounge. The information will be posted in the Athlete Lounge in time for athlete check in. The WBGT index will be converted to

a five-level coloured flag system indicating the heat illness risk of current weather conditions. The information will be delivered in the form of written announcement.

WBGT Risk Categories					
Flag Colour	Black	Red	Orange	Blue	Green
WBGT Index (°C)	> 32.2	30.1-32.2	27.9-30.0	25.7-27.8	< 25.7
Risk	Extreme	Very High	High	Moderate	Low

- c.) For sprint and standard distance events, in case of very high risk (red flag) the following will be taken into consideration:
- (i) If the LOC and Medical Staff are able to provide medical assistance respecting all the rules of the World Triathlon Event Organiser Manual Medical Services and Exertional Heat Illness Prevention document, particularly in large mass participation events:
 - Standard distance events: change to Sprint distance;
 - Sprint distance and shorter events and below: stay as originally planned.
 - (ii) If the LOC and Medical Staff are unable to provide medical assistance respecting all the rules of the World Triathlon Event Organiser Manual Medical Services and Exertional Heat Illness Prevention document, particularly in large mass participation events, the competition must be rescheduled.
- d.) For ~~sprint and~~ standard distance and shorter events in case of an Extreme Risk (WBGT index: >32.2°C, Black Flag) the competition must be re-scheduled or cancelled;
- e.) For middle- and long-distance events, a meeting must take place among the assigned Technical Delegate, the assigned Medical Delegate, the LOC Race Director, the LOC Race Medical Doctor and the Chair of the Event Advisory Group for agreeing the heat countermeasures to be implemented in the cases where the event is expecting to take place in very high risk and extreme high-risk conditions.

10.4 Swim Current:

- a.) The Technical Delegate may modify the distance of the swim segment or even cancel the swim, depending on the speed of the current or any other environmental condition which may create safety concerns;
- b.) The race has to be rescheduled or cancelled in the case where the athletes are swimming with the ~~against a swim~~ current equal or more 1.5m/s or more than 1.0 m/s for Elites and 0.5 m/s for Age-Group and Para triathletes in case of swimming against the current. These values against the current are to be measured close to the bank. ~~on a straight line and equal or more 1m/s when they need to turn at any point in a 90 degrees angle or more~~

10.5 Thunderstorm and lightning:

- a.) Lightning can be an immediate threat to athletes. If lightning strikes are approaching the venue and are within ~~8~~ 3.1 miles/ ~~13~~ 5 km the race should be stopped, the venue should be evacuated and the athletes should be taken to a safe area. Thirty minutes after the last lightning, activities may resume.

10. B. Events: Technical

10.6 Wave starts:

- a.) To ensure the safety of the athletes, there are limits on the quantity of athletes starting at the same time. For categories of events which are not specified below, the quota of athletes is defined in the specific qualification criteria. The Technical Delegate may apply lower limits than the indicated, according to the event conditions:

	WTCS / WTPS	World Triathlon Championship Finals	World Triathlon Cup / WTPC	Other Standard and shorter distances triathlons	Middle- and Long-Distance Triathlon - All events (*)	Cross Triathlon - All events	Duathlon - All events	Mixed Relay
Elite	55	65	65	70	100	100	100	30
U23	n/a	70	n/a	70	n/a	100	100	30

(*) Long distance triathlons may have larger start groups if they are in water start events and after Technical Delegate approval.

(**) 52 is applicable for Continental Cups 80 is applicable for Continental Championships

- b.) Athletes from the same Age-Group can be divided in two or more wave starts provided:
- Both/all waves will have the similar number of athletes assigned;
 - Athletes from the same National Federation will be split in all groups randomly, assigning the similar number to each of the waves;

- (iii) National Federations with only one athlete will be entered to one or the other wave, in order to keep the numbers balanced. The same principle will apply to the excess resulting from National Federations with odd number of athletes;
- (iv) The champion will be the athlete with quickest time, no matter in which wave he/she is starting in;
- (v) The result list of the Age-Groups affected will contain the athletes of both waves sorted by times;
- (vi) The waves containing athletes from the same Age-Group will be scheduled one immediately after the other;
- (vii) These waves will not include athletes from a different Age-Group.

10.7 Transition:

- a.) The Technical Delegate will determine the position of the mount and dismount lines. Both lines will be considered as part of the transition area.

10.8 Bike:

- a.) A 10 % tolerance margin will be accepted for the distance of the bike segment provided that it has been approved by the Technical Delegate. In the middle- and long-distance events, this tolerance is limited to 5%;
- b.) There must be a minimum number of penalty boxes as follows:
 - (i) Standard distance or shorter events: one every 10 km;
 - (ii) Middle- and long-distance events: one every 30 km.

10.9 Support team:

- a.) National Federations can enter in the races a crew to support the athletes and the National Federation delegation. This crew is composed by the following categories: Coaches, Medical, Bike Mechanic, Ski man and National Federation representatives. World Triathlon may add other categories if needed in a specific event. The people entered in the categories of Coaches and Medical must complete the Anti-Doping Education course;
- b.) National Federation's Quota: Every National Federation has a support team quota according to the charts below. When a National Federation has a quota allocated of 3 or higher, different genders will be represented, otherwise the quota will be reduced by 1.
 - (i) Elite events:

Athletes	1 to 3	4 to 6	7 or more

 - (ii) National Federations with athletes in all four events - Duathlon, Aquathlon, Cross Triathlon and Long-Distance Triathlon – in Elite category in both genders, will be provided an extra accreditation with coach access for all events during the World Triathlon Multisport Championships.
- d.) All the personnel registered as part of the support team will receive an accreditation with access according to their role;
- e.) National Federations are responsible for entering their support personnel in the World Triathlon online entry system. World Triathlon will approve the support personnel according to the quota seven days prior to the event. No additions will be admitted after this deadline.

10.10 Start times:

- a.) The minimum time difference between waves will be:

	Inter gender start time difference (1)	Elite/Age-Group start time difference (2)

(1) This will be applicable whether the men or the women's event starts first.

(2) This will be applicable for Age-Group waves starting after the Elite events. Elite events starting after the Age-Group Events will only start once the Age-Group Events have finished.

- b.) The Technical Delegate can decide to reduce the above indicated differences in Continental Cup and Duathlon standard distance events provided that the men and the women will not be on the bike segment simultaneously;
- c.) The Technical Delegate can decide to reduce the above indicated differences in Continental Cups and Duathlon standard distance events to a minimum of five minutes if one of the events has fewer than 10 athletes competing, and enough officials to control any potential drafting between male and female athletes;

- d.) The Technical Delegate can also require different start times by asking for a specific regulation, as indicated under section 1.6;
- e.) Events not included in the previous chart will need the approval of the Technical Delegate prior to publishing the start times.

10.11 Modified events:

- a.) When a competition cannot be held in the original format due to force majeure, all the points for all the rankings related, including Olympic Qualification List points, will be reduced depending on the final conditions under which the event took place:
 - (i) If the event remains as a triathlon or the multisport originally planned, but any of all of the segments are shortened according to the World Triathlon Competition Rules, 100 % of the points will be awarded;
 - (ii) If the event becomes another World Triathlon multisport competition according to the World Triathlon Competition Rules in terms of distances and conditions, ~~75~~ 100 % of the points will be awarded;
 - (iii) If a triathlon event becomes a duathlon and the swim is replaced by a running segment with similar duration of the cancelled swim, ~~75~~ 100 % of the points will be awarded;
 - (iv) If the event becomes another World Triathlon multisport competition with deviations from the World Triathlon Competition Rules in terms of distances and conditions, ~~50~~ 75 % of the points will be awarded.
- b.) In the case of events which have multiple stages (semi-final/final format, eliminator format, supertri E, indoor events or other) and that are modified in one or more stages, the reduction of the points will be applied according to the format of the final stage or phase. If the final stage or phase is not modified there will not be reduction of the points. In case of A and B finals, A final format will determine the points reduction.

10.12 Cut-off time:

- a.) Technical Delegate may determine a cut-off time for the entire competition or any intermediate point;
- b.) If there is a cut-off time, it must be announced at least 30 days before registration closes.

11. TECHNICAL OFFICIALS

11.1 General:

17.18 Outside assistance:

- a.) Technical Delegates may determine areas or sections of the course where para triathletes may receive assistance, what assistance may be provided and the instructions and conditions applicable;
- b.) Assistance can be provided to a Para triathlete to allow them to get back into their handcycle/racing wheelchair or onto their bike following an incident. **In such cases** any mechanical repair must be done by the athlete without external assistance. - (iv) Every team must have one and not more PTWC athlete which must only compete in the first leg;
- (v) Teams will be made of athletes from the same National Federation (NF). In all the open races except the World Championships, every effort should be made for teams to be formed within the same NF, but if NFs need to combine athletes to make a mixed relay team, this will be allowed;
- (vi) An NF can enter more than one team but at least one team must consist of 4 members. At World Championships an NF can only enter 1 team until the maximum quota of 15 teams has been reached. 20. COMPETITION IN QUALIFYING ROUND FORMAT

20.1 General:

- a.) An event in Qualifying Round Format consists of several rounds with a number of heats each qualifying athletes to the next round and eventually finishing with a final to determine a winner.

20.2 Rounds:

- a.) The rounds will be called semi-finals and final;
- b.) An event will have two rounds;
- c.) Semi-finals and finals will have 30 athletes as a maximum. The number of semi-finals will be as follows:

Athletes entered	Semi-finals
Less than 30	No semi-finals, direct final
31 to 60	2 semi-finals (15 to 30 athletes each)
61 to 90	3 semi-finals (20 to 30 athletes each)
91 to 120	4 semi-finals (22 to 30 athletes each)
121 to 150	5 semi-finals (24 to 30 athletes each)

20.3 Qualification to final:

- a.) Every semi-final will qualify a fixed number of athletes for the final. Additionally, a number of athletes will qualify from semi-final heats, based on fastest times:

Athletes entered	Semi-finals	By position in the semi-final	By time
31 to 60	2	14	2
61 to 90	3	9	3
91 to 120	4	7	2
More than 121	5	5	5

- b.) Athletes from different heats and with the same time (in seconds), which are tied in the last qualifying position, will all qualify, increasing the number of athletes qualified for the next round;
- c.) In case there are less finishing athletes from a semi-final than the fixed number, the remaining spots will be filled from the other semi-final heats, based on the fastest times;
- d.) Athletes who have not qualified for the final will be sorted by time. In case of athletes withdrawing from the final, replacement will be made by the first athlete who has not qualified. The replacement will happen if the number of athletes in the final drops down to

30 athletes. (a random selection will be made from those athletes who have the same time). The deadline for the replacements will be when registration opens;

- e.) In case where an event has a B final, the best 30 athletes from the semi-finals who have not qualified for the A final, will be sorted according to their times and will qualify to the B final. B final will only be held if a minimum 10 athletes qualify for it.

20.4 Distribution of athletes in the semi-finals:

- a.) The Technical Delegate will compose the heats as follows:
 - (i) If there are not any applicable ranking, the athletes will be distributed among the heats in order to have the same number of athletes per semi-final (some semi-finals can have one more athlete than others). The athletes from the same National Federation will be distributed among the heats following the same principle;
 - (ii) If a ranking is applicable, the ranked athletes will be distributed according to the chart below and the non-ranked athletes will fill the remaining spots by applying the principle of assigning a similar number of athletes from the same National Federation to every heat, and keeping all the heats of equal size.

Chart: Distribution of ranked athletes among the semi-finals (The number in the cells reflects the ranking order):

Semi-final 1	Semi-final 2	Last Semi-final (-1)	Last Semi-final

		3	
			4
			5

	10		
		11

etc...			

20.5 Numbering:

- a.) There are two options to number the final:
 - (i) The numbers in the final will be assigned as first criteria according to the positions in the semi-finals. The second criteria will be the time in the semi-final, the third, the World Triathlon Points List position, and the fourth a random appointment;
 - (ii) The numbers in the final will be same as in the semifinals. Athletes will be lined up according to position in the semifinals as first criteria and final time as second criteria. However, transition positions will be in numerical order.

20.6 Results:

- a.) The overall results for the event will be the results of the final round;
- b.) If the event is included in any ranking which is allocating points to more positions than finishers in the final, the remaining points will be awarded as follows:
 - (i) To the DNF athletes in the final, according to their times in the semi-finals;
 - (ii) To the DNS athletes in the final according to their times in the semi-final;
 - (iii) If the event does not have a B final: The athletes who did not qualify for the final, will have points allocated according to their times in the semi-finals. If the event has B final: The results from the B final will determine their points;
 - (iv) DSQ athletes will not earn any points.

20.7 Prize money:

- a.) Prize money distribution will follow the general rules (Appendix H) and the preceding paragraph if necessary.

21. EVENT IN TIME TRIAL QUALIFYING ROUND FORMAT

21.1 General:

- a.) An event in Time Trial Qualifying Round Format consists of two competitions, the first one (qualifier) conducted as a time trial with athletes starting individually one by one, and the second one (final) conducted as a mass start event, in which the participants are the best ranked in the time trial competition;
- b.) The result of the event is the result of the final.

21.2 Rounds:

- a.) An event will have two rounds;
- b.) The rounds will be called qualifier and final;
- c.) The qualifier will be a time trial with a draft-illegal bike segment, and the final will be mass start with a draft legal bike segment. In both qualifier and final competitions, athletes must use draft legal bikes and bike equipment;
- d.) The Technical Delegate will determine the time interval between the start of each athlete in the time trial qualifier, which can be between 15 seconds and 3 minutes;
- e.) The final will have 30 athletes. The Head Referee will decide, according to the available technological resources, if a tie will be declared for two or more of the athletes. In this case, the final may have more than 30 athletes.

21.3 Qualification to final:

- a.) The athletes with the best 30 times in the qualifiers will qualify for the final;
- b.) Athletes who have not qualified for the final will be placed according to their time in the qualifiers. In case of athletes withdrawing from the final, replacement will be made by the next fastest athlete who has not qualified. The replacement will only happen if the number of athletes in the final drops down below 30 athletes. The deadline for the replacements will be when registration opens;
- c.) Where an event has a B final, the athletes with the best 30 times from the qualifier, who have not qualified for the A final, will be sorted according to their times and will qualify to compete in the B final.

21.4 Numbering and distribution of athletes in the qualifier:

- a.) Race numbers will be allocated to the athletes as regulated in the Competition Rules 2.10;
- b.) Athletes will start one by one starting by the highest number in decreasing order;
- c.) In case of athletes not showing up to the start or if any race number is not assigned, the start sequence will follow as if there was an athlete competing in the time allotted to this unused number;
- d.) The start list will be created following this model:

Race number	First Name	Last Name	NF	Start Time
102	Grzegorz	Zgliczynski	POL	09:00:00
101	Andrew	Farrell	USA	09:00:30
100	Todd	Martin	AUS	09:01:00
99	Gervasio	Da Silva	BRA	09:01:30

21.5 Qualifier start system:

- a.) Start system outlined in World Triathlon Competition Rules 4.9 will apply.

21.6 Race number allocation in the final:

- a.) The race numbers in the final will be assigned as first criteria according to the time in the qualifier. The lowest time in the qualifier will receive number 1 in the final. Tied athletes will be numbered randomly.

21.7 Results:

- a.) The overall results for the event will be the results of the final round. Awards, and prize money will be distributed accordingly;
- b.) If the event is included in any ranking which is allocating points to more positions than finishers in the final, the remaining points will be awarded as follows:

 - a.) All athletes entered in the waiting list will be sorted as follows:
 - (i) First by World Triathlon Ranking, or the priority indicated in the Qualification Criteria, Appendix T applies;
 - (ii) Then Athletes without World Triathlon Ranking points. They are sorted as one per National Federation in alphabetical order of the IOC country code, starting with the host National Federation. Once one athlete of every National Federation is on the Waiting List, a second one is included to the Waiting List, with the same principles as above. Then a third athlete, and so on;
 - b.) The number of athletes equal to the size of the start list minus five will be moved to the start list, provided that the inclusion of the specific athlete does not result in the National Federation quota or the Host National Federation quota exceeded;
 - c.) If applicable, at the same time, waiting lists are created with the athletes not included in the start list, following the same order as above.

- 2.4. Athletes entered to the Waiting List after this moment will be allocated the last positions according to the time of entry;
- 2.5. Those athletes exceeding the quota are tagged with the indication of “Exceeds the National Federation quota”;
- 2.6. No more athletes are approved in the start list till the invitation process is completed. (This point does not apply to para triathlon events);
- 2.7. Till Friday after the creation of the start list:
 - a.) National Federations may request substitutions;
 - b.) National Federations may request withdrawals without penalty;
 - c.) National Federations may request invitations.
- 2.8. Saturday after the creation of the start lists invitations are awarded as outlined below in section 7 of this Appendix;
- 2.9. The start positions not filled by the invitation panel are filled by the next eligible athlete on the sorted Waiting List;
- 2.10. Following to the procedure above, when one National Federation withdraws an athlete not tagged with “Exceeds the NF quota”, the tag on the first athlete from the same National Federation will be automatically removed;
- 2.11. Vacancies in the Start List are filled by the next eligible athlete in the sorted Waiting List. A vacancy in the Start List may happen as consequence of a withdrawal or because the low number of entries;
- 2.12. When all the athletes in the Waiting List are tagged with “Exceeds the NF quota” and there is a vacancy in the Start List, the first athlete will be approved. The acceptance of athletes exceeding the National Federation or Host National Federation quota follows the order of one athlete per National Federation, according to their positions in the sorted Waiting List. Once all affected National Federations have one exceeding athlete in the Start List, a second one is moved to the start list, etc.;
- 2.13. No athletes will be admitted in the wait list from 48 hours before the Athletes’ Briefing;
- 2.14. Vacancies from 24 hours before the Athletes’ Briefing will be filled with athletes from the waiting list who are present at the briefing.

 - b.) The athlete is not approved to compete in any competition on the same weekend of the competition he/she withdraws and on the following one;
 - c.) The penalty of that following weekend may be avoided by the use of a “joker” as described below.

3.2. Actions taken applicable to the National Federations:

- a.) National Federations withdrawing athletes from the start list during the period between the scheduled day for invitations and the athletes' briefing, will receive a penalty consisting in a reduction of the National Federation quota in future World Triathlon events as outlined in the following tables:

WTCS, World Cups and Continental Championships	
Withdrawals (per gender)	Quota reduction (per gender)
1	0
2-3	1
4-5	2
6 or more	3

Continental Cups and Junior Continental Cups	
Withdrawals (per gender)	Quota reduction (per gender)
1	0
2-3	1
4-6	2
7-10	3
11-15	4
16 or more	5

Para triathlon events	
Withdrawals (both genders, all classes)	Quota reduction (applicable to all classes and both genders)
1-3	0
4-6	1
7 or more	2

- b.) Athletes missing the briefing, without previous notice, are added to those withdrawn from the competition by the National Federation;
- c.) Also, athletes missing the briefing and missing the competition are added to determine the total numbers of athletes withdrawing from a competition;
- d.) The quota reductions are cumulative, if generated in different events on the same weekend or in events which their penalty times overlap;

- e.) All National Federation will have a minimum quota of one (1) on an event, even if the accumulated penalties would eliminate all athletes of the National Federation from an event;
- f.) Monday after the event, the number of withdrawals per National Federation per gender are calculated and the reduction of the quotas are announced to the National Federations affected. The events affected by this reduction will be as the following:
- (i) World Triathlon Championship Series: The next two WTCS events which Start List are to be produced;
 - (ii) World Triathlon Cups / Continental Championships: The next two events which Start List are to be produced;
 - (iii) Para triathlon events: The next two para triathlon events which Start List are to be produced;
 - (iv) Continental Cups: The events of which Start List are to be produced in the next 30 days;
 - (v) Junior Continental Cups: The next two Junior Continental Cups which Start List are to be produced.
- g.) Fair and unexpected withdrawals may happen. In order not to penalise National Federations because of them, NFs can use the “jokers”.
- h.) The number of “jokers” per National Federation depends on the number of participations of each National Federation over the previous years as follows:

Number of “Jokers”	National Federation
10	AUS, CAN, ESP, JPN, MEX, USA
8	BEL, BRA, CHN, FRA, GBR, GER, ITA, NED, NZL, RUS, SUI
6	ARG, AUT, CHI, CZE, ECU, HUN, ISR, KAZ, KOR, POL, POR, RSA

WORLD TRIATHLON COMPETITION UNIFORM APPROVAL PROCESS

1. Overview:

- 1.1. This process is part of the World Triathlon Guides Regarding Authorised Identification and is a specific addition to the World Triathlon Competition Rules.

2. Purpose:

- 2.1. The process was created to regulate the World Triathlon's approval of the design of each National Federation's competition uniform to be used by their athletes in all World Triathlon competitions according to the World Triathlon Guides Regarding Authorised Identification.

3. General Requirements:

- 3.1. Every National Federation uniform has to be different from any other National Federation uniform, according to the World Triathlon Guides Regarding Authorised Identification. The difference will be significant to avoid confusion between two different National Federations;
- 3.2. Artistic or creative elements are acceptable provided that the World Triathlon Competition Rules are followed. Specifically, if the design contains recognisable commercial logos or trademarks which exceed the surface limits, it will not be approved;
- 3.3. The same design applies to all types of uniforms: men, women, triathlon style, duathlon style, summer, winter, etc.;
- 3.4. Every National Federation can request the approval of one different uniform design for every different multisport. Two uniform options can be requested for the Age-Group athletes, indicating which is the 1st option and which is the 2nd option. Athletes can wear any of the approved options.

4. Timeline for Approval:

- 4.1. National Federations will submit a proposed design of their Competition Uniform for the following year, according to these specifications:
 - a.) A pattern provided by World Triathlon will be used;
 - b.) Sponsor spaces and dimensions, as outlined in the World Triathlon Guides Regarding Authorised Identification. The athlete's family name and National Federation code positions (front and back) and dimensions of both;
 - c.) The position and dimensions of the World Triathlon logo. The colour(s) used in the design, including the pantone. The proposed design may be submitted in .jpg .pdf, png or .tif format;
 - d.) Once approved, the Uniform approval is extended till the National Federation must seek approval for a new design.

5. Approval:

- 5.1. World Triathlon will inform each National Federation in writing about the approval or disapproval of their National Federations uniform if the design is:
 - a.) Compliant with all the World Triathlon Guides Regarding Authorised Identification;

b.) Distinct from other National Federation designs.

5.2. If the request is not approved World Triathlon will:

a.) Ask the National Federation for a new design if the submitted one did not comply with the World Triathlon rules; or

b.) Ask the National Federations that submitted similar requests to agree to modifying their proposed designs in order to have different uniforms;

c.) If the National Federations do not get an agreement World Triathlon will decide on which National Federation can use the proposed design according with these priorities:

(i) The National Federation that used the proposed uniform in the past will be given preference;

(ii) If both National Federations are proposing new uniforms, a draw will be conducted to choose which National Federation will use the submitted design and which National Federation(s) will have to submit a new one.

5.3. World Triathlon will produce an electronic catalogue of approved National Federation's competition uniforms. This catalogue will be updated monthly;

5.4. Requests for uniform approval received will be considered on a monthly basis. National Federations requesting approval will choose designs that are different from those already approved.

6. Approval Panel:

6.1. All decisions on uniform approval will be made by a panel composed of:

a.) A member of the World Triathlon Technical Committee;

b.) A representative of the World Triathlon Sport Department;

c.) A representative of the World Triathlon Marketing Department.

6.2. The decisions of the Approval Panel can be appealed to the World Triathlon Tribunal. This appeal does not suspend the decision of the Approval Panel, but rather the decision will stay in place during the time the World Triathlon Tribunal takes to make a decision on the appeal.
